Why Portland should have the Mint

As the Legislature is shortly to convene and the rectification of any evils of past Congressional legislation for this State will be proper matter for their action by the passage of a memorial or protest we submit a few facts in relation to an act of the late session of Congress locating a Branch Mint at the Dalles This act was passed in the face of a memorial and resolution of the people of the State of Oregon through their representatives in Legislature assembled setting forth good and sufficient reasons why the Mint was essential to the interests of the people of the State, why it should be located at the city of Portland and requesting that Congress should grant and locate a Mint compliant with their represented desires The memorial and resolution appeared in the columns of our DAILY of yesterday Since the last session of the Legislature the rapid progress made by an increased population in the development of our northern mineral regions has not only proved the wisdom of the action of the last Legislature relative to the proper location of a mint but has multiplied and rendered more palpable to the honest and intelligent observer, the reason why the letter and spirit of the resolution should be carried out We do not believe that Congress would or did in defiance of the expressed wishes of the people of Oregon intentionally locate the Mint in an out-of-the-way place almost as remote in point of public convenience from the commercial emporium as is that of California for the purposes of Oregon trade but we do believe—and that belief is well grounded—that the interests of the State were entrusted to hands unworthy of and recreant to that trust We believe that the interests of the State have been set aside for considerations unworthy of the public service—that the expressed wishes of a constituency have been ignored, not by accident or through want of sufficient intelligence in our Representative but for reasons which it devolves upon him to explain We are informed that in addition to the decisive and unequivocal action of the State Legislature of which our Representative in Congress was a member and which he personally endorsed by his legislative [illegible] forth a detail of facts to sustain the legislative position The receipt of the Portland petition was not [illegible] or acknowledged A citizen of Portland who had signed the petition went on to Washington and demanded to know why the petition received no attention? *It had never been received!* And yet strange to say *the identical facts figures and arguments original in that Portland petition were used in urging the location of a Mint for the Dalles* Even if the expressed wish of the people of Oregon through their Legislature is to be treated with silent contempt, is it also expected that we will believe that the same arguments and the identical deductions are to emanate simultaneously from two persons? We have a case on record where the same piece of poetry—identical even to punctuation points—is claimed to have been written by two men in the Union some one hundred and fifty miles apart and we are *almost* willing to believe such a thing possible in literary matters but in politics—NEVER

As we started out, not with the intention of showing up the unfortunate position Oregon had occupied in the halls of national legislation in the past but for the purpose of calling the attention of the next Legislature to the manner in which the interests of the State—as decided by them—was attended to in Congress, and urged upon them the necessity of some prompt action, if possible, to compel the attention of Congress to their wishes in regard to the interests of the State in the future we will briefly set forth one or two of the many reasons why the next Legislature should reiterate the action of the last and so far as in their power lies see that our representation in Congress attend to the wants of their constituents

The executive message will undoubtedly exhibit the amount of revenue derived from taxes whether County, State or Federal We ask attention to the fact that this county pays more towards the support of the State than all the others combined We ask that so far as relates to internal revenue it will be observed that while the whole internal revenue tax amounts to the sum of $30 906 71, in the State of Oregon this county pays $21 028 35, or $5,129 96 more than all the rest of the State, and this for Multnomah county—which really means the city of Portland—alone We ask the Legislature to observe the fact that all the thorough merchants from the mining districts, instead of purchasing their goods at a half way house like the Dalles come through to Portland with their gold dust, and exchange it here for goods, We ask the Legislature to note the the legitimate channel of trade by observing where the gold dust stops—where it is assayed—where it is expended, and where the Mint ought to be

FATAL ACCIDENT—We learn by telegraph that a terrible accident happened near the town of Monroe, Benton county on the 30th ult The team of J C Alexander former Sheriff of that county took fright and ran away and his wife was thrown from the wagon when her clothing hung upon the standard in which position she was dragged some distance and instantly killed Mr Alexander was also severely injured and one of his children slightly

ACCIDENT—By a telegram from Corvallis last evening we learn that about 4 o clock yesterday afternoon David Adams of Benton county met a neighbor and while talking and still sitting upon his horse threw his leg over the horn of the saddle this frightened the horse and caused him to jump throwing Mr Adams and so severely injuring him that he died in about two hours

Circular

We are furnished the following appeal and proposals for a loan from the Secretary of the Treasury by Thos [illegible] [illegible] Assessor, The should be read with interest by all

TREASURY DEPARTMENT
Washington July 25 1864

To the People of the United States

By an act of Congress, approved June 30 1864 the Secretary of the Treasury is authorized to issue an amount not exceeding two hundred millions of dollars in Treasury notes bearing interest at a rate not exceeding seven and three tenths per cent [illegible] redeemable after three years from date and to exchange the same for lawful money The Secretary is further authorized to convert the same into bonds bearing interest at a rate not exceeding six per centum payable in coin In pursuance of the authority thus conferred, I now offer to the people of the United States Treasury notes as described in my advertisement dated July 25 1864

The circumstances under which this loan is asked for and your aid invoked though differing widely from the existing state of affairs three years ago are such as afford equal encouragement and security Time while proving that the struggle for national unity was to exceed in duration and severity our worst anticipations, has tested the national strength and developed the national resources to an extent alike unexpected and remarkable exciting equal astonishment at home and abroad Three years of war have burdened you with a debt which but three years since would have seemed beyond your ability to meet Yet the accumulated wealth and productive energies of the nation have proved to be so vast that it has been borne with comparative ease and a peaceful future would hardly feel its weight As a price paid for national existence and the preservation of free institutions it does not deserve a moment s consideration

Thus far the war has been supported and carried on as it only could have been by a people resolved at whatever cost of blood and treasure to transmit unimpaired to posterity the system of free government bequeathed to them by the great men who framed it This deliberate and patriotic resolve has developed a power surprising even to themselves It has shown that in less than a century a nation has arisen unsurpassed in vigor, and exhaustless in resources able to conduct through a series of years war on its most gigantic scale and finding itself when near its close almost unimpaired in all the material elements of war It has at the present moment great armies in the field facing an enemy apparently approaching a period of utter exhaustion but still struggling with a force the greater and more desperate as it sees and because it sees the near approach of a final and fatal consummation Such, in my deliberate judgment is the present condition of the great contest for civil liberty in which you are now engaged

Up to the present moment you have readily and cheerfully afforded the means necessary to support your government in this protracted struggle It is your war You proclaimed it, and you have sustained it against traitors everywhere with a patriotic devotion unsurpassed in the world's history

The securities offered are such as should command your ready confidence Much effort has been made to shake public faith in our national credit both at home and abroad As yet we have asked no foreign aid Calm and self reliant our own means have thus far proved adequate to our wants They are yet ample to meet those of the present and the future It still remains for a patriotic people to furnish the needful supply The brave men who are fighting our battles by land and sea must be fed and clothed munitions of war of all kinds must be furnished, or the war must end in defeat and disgrace This is not time for any lover of his country to inquire as to the state of the money market or ask whether he can so invest his surplus capital as to yield him a larger return No return and no profit can be desirable if followed by national dissolution or national disgrace Present profit, thus acquired is but the precursor of future and speedy destruction No investment can be surely so profitable as that which tends to insure the national existence

I am encouraged in the belief that by the recent legislation of Congress our finances may soon be placed upon a sounder and more stable footing The present deranged condition of the currency is imputable in a great degree, to disturbances arising from the withdrawal of necessary checks, often inevitable in time of war when expenditures must largely exceed any possible supply of coin The opportunities thus presented to acquire sudden wealth have led to ruinous speculation, a consequent increase of prices, and violent fluctuation The remedy is to be found [illegible] [illegible] the need of more extensive and vigorous taxation Severe comment has been made upon what seemed to many an undue timidity and tardiness of action, on the part of Congress in this regard I deem it but just to say that very great misapprehension has existed, and perhaps still exists, upon this point Legislators like all others have much to learn in a new condition of affairs An entirely new system was to be devised and that system must necessarily be the growth of time and experience It is not strange that first efforts should have proved imperfect and inadequate To lay heavy burdens on a great and patriotic people in such a manner as to be equal and as to occasion the least amount of suffering or annoyance requires time and caution and vast labor, and with all these, experience is needful to test the value of the system and correct its errors Such has been the work which Congress was called upon to perform I am happy to say that daily results are proving the Internal Revenue act to exceed in efficiency the most sanguine expectations of its authors, In the month of June 1863 it yielded about four and one-half millions of dollars while the corresponding month of this year returned about fifteen millions under the same law Under the new law which went into operation on the first day of the present month, the Treasury not unfrequently receives one million in a day As time and experience enabled the officers employed in collecting the revenue to enforce the stringent provisions of the new law I trust that a million per day will be found the rule and not the exception Still much space is undoubtedly left for improvement in the law, and in its administration as a greater amount of necessary information is acquired The proper sources of revenue, and the most effective modes of obtaining it are best developed in the execution of existing laws And I have caused measures to be initiated which will, it is believed enable Congress at its [illegible] improve and enlarge the system as, when taken in connection with the revenue from customs, and other sources, to afford an ample and secure basis for the national credit Only on such a basis and in a steady and vigorous restraint upon currency can a remedy be found for existing evils Such restraint can only be exercised when the government is furnished with means to provide for its necessities But without the aid of a patriotic people any government is powerless for this or any other desirable end

The denominations of the notes proposed to be issued ranging from fifty to five thousand dollars place these securities within the reach of all who are disposed to aid their country For their redemption the faith and honor and property of that country are solemnly pledged A successful issue to this contest now believed to be near at hand will largely enhance their value to the holder and peace once restored all burdens can be lightly borne He who selfishly withholds his aid in the hope of turning his available means to greater immediate profit is speculating upon his country s misfortunes and may find that what seems to be present gain leads only to future loss I appeal therefore with confidence to a loyal and patriotic people and invoke the efforts of all who love their country and desire for it a glorious future to aid their government in sustaining its credit and placing that credit upon a stable foundation

THE TRUE REASON FOR BRITISH SYMPATHY WITH THE REBELS—The New [illegible] England *Daily Chronicle* says

The real reason of the prevailing sympathy for the Confederates intimately concerns ourselves That reason was long since avowed by the *Saturday Review* The battles of democracy and despotism of progress and reaction, are being fought in slave holding soil The slaveholding aristocrats of the South like the despotic government of Germany are waging the world old fight against the rights of man But in America it is not only the reduction, but the dishonor of democracy that is sought No greater question for the working man has arisen since the days of Christ for the South designs to found on slavery and crime a new system of civilization In that system white and colored labor ers are alike liable to be enslaved The slave owners have therefore proved themselves the enemies not of the negroes only but of all mankind It is to such enemies we ask again that England should give her sympathies

The Paris correspondent of the *Daily Telegraph* says that the disease under which the Pope is now suffering is hereditary his father had it and lived till he was ninety two he had a brother also afflicted in the same way, who is eighty six The average period of life of the members of the family is ninety So his Holiness bound by family tradition to live eighteen years and nineteen days longer

The drouth in some parts of New York is more serious than has been represented, especially in the Northern and Central parts of the State In Oneida county young fruit trees have suffered severely and the grass will hardly pay for cutting The rain on July 2d was not sufficient for the wants of the region

'Castine,' the Washington correspondent of the *Union*, writes that the soldiers of the Army of the Potomac amuse themselves by sending up kites toward the rebel army with amnesty proclamations thereto appended When the kite is in the right place, a slight thread running along the kite string is pulled, and the bundle is scattered promiscuously on the heads of the rebels as follows below The *Press* and *Express* says the *Gazette* should protest against these unconstitutional proceedings of the Feds 'What are we drifting?'

INCREASE IN THE PRICE OF LETTER ENVELOPES A dispatch from Washington, under date of Aug 20, says that the price at which stamped envelopes are furnished the Post Office Department under the recent contract being largely in excess of those heretofore made the Department has issued a circular announcing a corresponding advance The rate they will be furnished the public increases the price of letter size about seventeen per cent

SANITARY POST OFFICE,—The Board of Managers [illegible] at the State Fair and they solicit unsealed letters in any quantity Ladies and gentlemen who desire to help the cause can do so in this way Remember do not seal the letters but bring them with you to the fair, or send by some friend, so as to avoid expense of postage Mr C A Reed will take charge of all that may be designed for the Sanitary post office—*Statesman*

PROPOSED CHANGE—The *Oregon Statesman* says a wag suggests that the name of Quartzville should be changed to Skedaddleville, on account of the recent engagement at that place, during which four red skins skedaddled in one direction and twenty five *pale faces* in another

The Government seized last week at San Francisco 17 000 stands of arms and sent them to Benicia It is quite likely that these muskets were intended for maintaining the *peace* principles of the Copperhead party in California

The increased pay of officers and soldiers dates from May 1st 1864 Privates receives $16 per month

A Confederate bond for $500, which was purchased for a one dollar greenback, is exhibited in New Haven

all humors and impurities, we assert with confidence that there is no better remedy than SCOVILL'S BLOOD AND

AS A SPRING REMEDY to purify and cleanse the Blood leaving it free from

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be from that time to the present the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils Now is it not best at once to purify the system? Do you ask what will do it? We answer **Scovill's Blood and Liver Syrup.** It is curing humors in every form and there is not a State in the Union where it has not accomplished the most astonishing cures REDINGTON & CO., Agents 416 and 418 Front Street San Francisco.

PREPARATIONS FOR VISITING THE CAPITAL—The approaching session of the Legislature, the State Fair, and the Ladies' Sanitary Fair, promise to draw immense crowds to the Capital town during the month that begins to day The subjects are being well discussed in Portland at the present time, and if one half the people visit Salem from this city that want to go we will be well nigh left alone, unless we procure a 'sub,' and go with the crowd We are glad to see our citizens making such extensive arrangements to visit our neighbors at their gala season, and we are sure all who go will obtain the reward for it by the best of attentions, and a full receipt of enjoyments Salem was always a *capital* place and having fairly beaten us by a majority that relieved the seat of government from its residence upon wheels has added new significance to the term, and is in fact a Capital town The members of the Common Council are constant in their efforts to produce a document to present with the compliments of the city to the legislative councils Our ladies are industrious to present abundant proofs of our liberality at the Sanitary Fair and there is scarcely a fine horse or carriage or harness, or saddle or any branch of the mechanic arts, in our city, or extra product from the farms of our county, that will not be seen at the State Fair

GEN McDOWELL AT PORTLAND—Major General McDowell, Commander of the Department of the Pacific, accompanied by Medical Inspector Keeney, Capt Elliott, Capt Haven Capt Cutting, Capt Sullivan and Capt Hoyt of the U S A, arrived in Portland by the steamer *Rescue* on Tuesday evening and were guests of Mr Arrigoni until 10 o clock p m yesterday, when they took their departure for Fort Vancouver by Capt Turnbull's steamer During their short sojourn in our city they were recipients of innumerable calls from our citizens, and General McDowell freely and cordially conversed upon subjects connected with the department of the Pacific, at this time of interest to our people Gov Gibbs accompanied the General and his staff to Vancouver from this city

SESSIONS OF THE COUNCIL—The sessions of the Board of Councilmen have been of frequent occurrence for the past week, with principal legislation regarding the adoption of a new city charter As the work progresses new duties and responsibilities are brought up for action, and receive as prompt attention as they would were the members paid for their labors The matter is a most important one for Portland at the present time, and when taken in all its bearings deserves much attention We feel a strong confidence that when the labors of the Council are ended in this behalf we will have good cause to congratulate ourselves upon the favorable results, and be possessed of a base upon which to construct all needful improvements no less than our sister San Francisco The regular business meeting of the Council will be at the Chamber this evening

RIVER IMPROVEMENTS—Experiments were made yesterday with a view to blasting the snags imbedded in the channel of the Willamette river The work will be commenced to day under the direction of Capt Gilman, pilot, and is thought to be of easy accomplishment The snags once removed no doubt exists that the channel may readily be kept open, and the fall freshet will be sufficient to clear out the sand completely leaving a wider and deeper channel than ever before

AN EASY COACH—The first regular stage coach, of the Concord pattern ever constructed north of Sacramento on this coast, was finished at the establishment of Hay & Co, in this city on Tuesday It was truly a nice arrangement, and reflects much credit for our mechanics We are happy to state that the dark veil is being lifted, and people are learning that some things as well as others can be done in Portland The new coach will run between Dalles and Canyon City Success to its owners.

THE OPPOSITION STEAMER—The Victoria *Colonist* of the 14th August says the steamer *Cascades* was visited the day previous in that city by a large number of persons, and is pronounced to be a perfect model of beauty and strength She crossed the Straits on Friday during the prevalence of a severe blow, and behaved nobly. She would leave for the Columbia river last week Wednesday, it was thought, and may now be looked for in Portland, any day

PROBABLY NOT—The writer on the [illegible] daily at the Dalles suggests that as the California steamer is due our Portland neighbors should employ Capt Strang to take soundings on the bar thinking on a report of 20 feet the steamer might make the attempt to run up to the bacon and apple emporium. The steamer might not be able to do so, in case the coal hold was filled with any number of runaway gents with a surplus of adipose deposit.

CONVICTED—The murderer of Joseph L Deady, was found guilty of murder in the second degree after a most searching examination before the district court of El Dorado county, California on the 9th of August The murder was committed in March 1862 Joseph L Deady was a brother of Judge M P Deady of this city, and a man much respected.

SANITARY—The auxiliary Board of Managers of the Sanitary Commission for the State of Oregon, met last evening at the reading room of the Library Association in this city, and selected the following officers C H Lewis, President, E D Shattuck, Secretary H Failing Treasurer

A SALUTE IN HONOR—About the time the steamer *Vancouver* arrived at the Fort last evening the roar of cannon was heard in this city from that direction and the supposition among our citizens was that a salute was being fired in honor of the arrival of General McDowell and suite at Vancouver

BOARD OF DELEGATES—We are authorized by H C Coulson, Secretary, to announce that there will be a regular meeting of the board of delegates from the Portland Fire Department, on Monday evening next, at the city Council Chamber A full attendance is desired

PERSONAL—Capt Wm B Hughes long and favorably known in this vicinity, has been succeeded by Capt. Hoyt as Quartermaster at San Francisco We understand Captain Hughes will resume command at Fort Boise.

BOGUS DUST—We have assurances that brass filings, and other impurities intended to swindle, are to a great extent mixed with the gold dust now coming from the upper country Traders especially should look out for the bogus dust

GOING UNDER—The old steamer *Multnomah* which has been lying at the foot of Salmon street a few weeks past started for the bottom yesterday and struck it at the depth of about nine feet She now lays in a precarious position

NO 4 s ENGINE which has been undergoing repairs for some time at the shop of Mr Delschneider on Oak street was brought out last evening and put upon trial Had the muscle at the brakes been sufficient she would have pumped a cistern dry

DEFERRED—We are compelled to defer publication for one day An ordinance authorizing the grading and laying of sidewalks on Fourth street between Washington and College streets, and An ordinance establishing the grades of certain streets

COUNTY COURT—The September term of the Multnomah County Court, Judge Marquam, will convene at the Court House in this city on Monday next, at 10 o'clock A M

COMMISSIONERS MEETING—The board of Commissioners, for Multnomah county will meet at the Court House in this city on Monday next, for the transaction of business

THE CLARA B SUTIL—The clipper bark *Clara B Sutil* Capt Perryman Master is now expected in Portland under charter of Capt Dodge, with a cargo of red wood lumber

COMMERCIAL—The barkentine *Jane A Falkinburg* Capt Frost, has discharged her cargo and will receive freight at Couch's wharf, for San Francisco to day

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them as they can be carried in the pocket and taken as occasion requires.*
REDINGTON & Co., San Francisco, Agents for the Pacific Coast

Oregonians should test the merits of Dr HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitters, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26law

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

☞ **Periodical Headache**—so common in uncleared and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.
Imitations are abroad! Be particular to enquire for *Dr Osgood's India Cholagogue*. Sold everywhere.

Oregon State Sanitary Fair.

To the Citizens of Oregon:

It is proposed to hold a Sanitary Fair at Salem, during the State Fair commencing on the 27th of September next. In view of the urgent necessity of the Sanitary Cause and the briefness of the time allowed to make preparations, it is at fondly hoped that every friend of humanity, and every lover of his country residing in Oregon, will respond to this call.

We can say to those at a distance, that ample room and shelter will be provided for all their contributions.

In suggesting these committees we presume that some will be unable to act; to all such we would say, procure a substitute; and should there be sections of country where no committees have been appointed, individuals will please act for themselves, and come to the Fair, and see that their donations are on hand, so that no section of country will be unrepresented.

Oregon has heretofore responded nobly to these calls of humanity, and now is no time to fall or falter, while every telegram brings the sad news of brave men fallen, and the work of carnage and death still going on; shall we, while peace and plenty falls to our lot, forget our bleeding country?

To the Ladies of Oregon, we most especially plead: knowing full well that if we have their united support, success will crown our efforts. From every woman in the State we crave some article of handiwork. Every description of ornamental work which busy fingers ingenuity can frame; in the long list of knitting, from a pair of socks to the most elaborate shawl; in needle work, from the baby's bib to the finest dress; in clothing, for men, women and children, let the variety be so complete that no want may be unsupplied. Every article of female handiwork that will bring enough to pay for time and material.

To the farmers, we look for help; let your offerings be as generous as your hearts, and as a kitchen will be one important feature of the Fair, nothing will be amiss, whether from the products of the soil, your dairy or your cattle.

From the merchant and manufacturer, miner and business man, let us have a sample of his wares, or the work of his hands; so that our young State may be fully represented in all her growing wealth and greatness.

The County Committees, whose names are below, are requested to solicit and receive contributions, and arrange for their being forwarded to Salem at the proper time. It is desired that the County Committees should appoint sub-committees to aid them in their work; each member or committee recollecting if they cannot act themselves to endeavor to procure substitutes, so that there may be neither neglect nor delay in making the necessary arrangements.

All organized Sanitary Aid Societies are invited to give this matter their especial attention.

To the Loyal Men and Women of Oregon:

Many of the patriot Ladies in different parts of the State, have expressed to me a wish to be permitted to hold a Sanitary Fair, on the grounds of the State Agricultural Society, near Salem, during the continuance of the State Fair, commencing on the 27th of September. I have not deemed it necessary to call a meeting of the Board of Managers, for the purpose of having it considered. I am very sure I do but express the sentiments of those with whom I have the honor to be officially associated, when I say that it is with pleasure that they yield to the wishes of these great-hearted women.

Likewise, the IMPROVED PARIFFER SEWING MACHINE—real and compact.

Likewise, the "NEW ENGLAND" SEWING MACHINE, a small, cheap, ingenious article. Every little Lady of five years ought to have one, as a silent monitor, teaching by its very presence the immense value of mechanical talent when combined with untiring industry.

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M D,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1858, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURY, WIS., Sept. 16, 1864.

" * * * I have been in the army hospital for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y."

Thy friend, ASA CURRIN, Philadelphia, Pa."

REV. J. S. CATHORN, Rochester, N. Y.

" * * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

" * * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

" * * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O."

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c. all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison.
